Re: *Domestic Section 214 Application Filed for the Transfer of Control of
NuVox, Inc. to Windstream Corporation*
WC Docket No. 09-211

Dear Ms. Dortch:

Pursuant to Section 63.50 of the Commission's rules and at the request of Bureau staff, Windstream Corporation ("Windstream") and NuVox, Inc. ("NuVox") (together "Applicants") hereby provide additional information to supplement the above-captioned application. Specifically, with respect to markets where subsidiaries of both Applicants are competitive local exchange carriers ("CLECs"), Applicants provide an Attachment with a breakdown of (1) their business and residential customers in the relevant exchanges, for which Applicants have requested confidential treatment, and (2) actual and potential competitors in those overlap markets. In addition to the Little Rock, Arkansas and various North Carolina markets indicated in the application, Applicants have determined that minor CLEC-CLEC overlaps also exist in Atlanta, Georgia and Greenville, South Carolina, where Windstream's CLEC affiliate presence is *de minimis* and NuVox holds a substantially higher number of access lines.

In addition, at the request of Bureau staff, Applicants clarify that all of the competitors listed in this Attachment, and on page 11 of the application, are wireline-based. These lists of competitors were compiled using a review of local advertising, the combined expertise of local and regional marketing and business experts of both Applicants, as well as cross-checking data gleaned from Telcordia's Local Exchange Routing Guide ("LERG"), which provides information on connecting carriers by exchange. It is expected that there are additional

Page 2

competitors present in these exchanges who have not been identified, such as those which mask their presence by subtending through another carrier.

As demonstrated herein, Applicants will continue to face a significant number of actual and potential competitors in the exchanges in which both Applicants currently maintain CLEC operations. Both companies' CLEC operations have a proven record of success, and as explained at pages 5-6 of the Application, Windstream will gain important business and operational expertise for its strategy to grow its enterprise business inside and outside of its traditional ILEC footprint – a benefit that will accrue to all of Windstream's CLEC operations, including those in which NuVox also has a CLEC presence – thereby making the combined company a more formidable competitor to the ILEC and well-heeled CLECs in those markets. Commission approval of the transaction would therefore clearly serve the public interest and be consistent with applicable Commission precedent.¹

Please contact the undersigned if you have questions or need additional information.

Respectfully submitted,

WILKINSON BARKER KNAUER, LLP

Re: *Domestic Section 214 Application Filed for the Transfer of Control of
NuVox, Inc. to Windstream Corporation*
WC Docket No. 09-211
Request for Confidential Treatment

Dear Mr. Dever:

Windstream Corporation and NuVox, Inc. (“Applicants”) hereby request that the information redacted from the public version of the attached submission be withheld from public inspection pursuant to Section 0.459(e) of the Commission’s Rules, 47 C.F.R. § 0.459(e). The redacted information is highly-confidential commercial information that has not been nor would ordinarily be publicly disclosed, and thus falls within Exemption 4 of the Freedom of Information Act (“FOIA”) as “trade secrets and commercial or financial information obtained from a person and privileged or confidential.”¹ Pursuant to Section 0.459(e) of the Rules, Applicants request that the materials be returned if the request for confidential treatment is denied.

The following information supports the request for confidentiality under Section 0.459(b) of the Commission’s Rules:

- (1) The information for which confidential treatment is requested includes granular subscribership data on the right-hand column of Attachment A.
- (2) This information is not required under Sections 63.03-63.04 of the Commission’s Rules and is being submitted to the Commission voluntarily in the context of a request from Commission staff.

¹ 5 U.S.C. § 552(b)(4).

William Dever

REQUEST FOR CONFIDENTIAL TREATMENT

January 13, 2010

Page 2

- (3) This information is highly confidential granular data concerning the Applicants' business and residential subscribership. As such, it is very sensitive commercial information.
- (4) The markets in which Applicants provide service are competitive, as demonstrated in the attached filing.
- (5) Disclosure of the subscribership information would cause significant competitive harm to Applicants by disclosing sensitive information concerning the classification of their subscribers, thereby enabling competitors to use this data in a targeted manner to Applicants' competitive disadvantage.
- (6) Applicants treat this information as highly confidential, and do not publicly disclose this information.
- (7) This information is not available to the public, and has not previously been disclosed to third parties.
- (8) Applicants believe this information should be permanently withheld from public disclosure, given the highly sensitive nature of the information.
- (9) Confidential treatment of such information is consistent with Commission precedent. *See Cox Communications, Inc.*, 21 FCC Rcd. 2309, ¶ 8 (2006); *Implementation of Section 9 of the Communications Act, Assessment and Collection of Regulatory Fees for Fiscal Year 1997*, 12 FCC Rcd. 17859, ¶¶ 9-10 (1997); *Local Competition and Broadband Reporting*, 15 FCC Rcd. 7717, ¶¶ 87-94 (2000).

A copy of the redacted version, as filed via ECFS, is attached for your convenience. Please contact the undersigned if you have questions concerning this request.

Respectfully submitted,

WILKINSON BARKER KNAUER, LLP
